Connect
Wireless Keyboard and Mouse Combo

The Belkin Connect Family

Connect products are all about making connections. From cables that charge and share data to docks that bring devices together for a more streamlined experience, Connect delivers data in the most efficient way possible while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

The Belkin Connect Family Characteristics

- One-cable solution to connect peripherals to a computer
- Multiple ports provide fast, simultaneous connection
- Connect and sync through a single cable
- Intuitive designs provide highly efficient "mini office" solutions
- Support high-definition protocols for an enhanced visual experience

The Belkin Difference

- Pioneer in innovation and technology for over 40 years
- Extensive testing procedures for quality and durability
