

Arcserve® Unified Data Protection

Compare Editions

Compare Arcserve UDP Editions, Features and Capabilities

Compare Arcserve UDP Editions and see which is right for protecting your environment. These editions are licensed per CPU Socket (per-Socket prices are offered for both virtual & physical servers), per-Server OS Instance (per Server OS Instance prices are offered for physical servers only. Purchase per-Socket for hypervisors to protect virtual machines running on that hypervisor) or alternately per protected terabyte of data. The Arcserve UDP Workstation Edition is licensed per-protected Workstation.

Features & Capabilities	Standard / Workstation*	Advanced	Premium	Premium Plus	Appliance	Cloud
Standard Features: <i>Unified management console, image-based backup for Windows/Linux, BMR, global deduplication, WAN optimized replication, agentless backup for vSphere & Hyper-V</i>	✓	✓	✓	✓	✓	✓
