### The Ultimate Charging Experience

#### Ultra High-Speed Charging

Provide a powerful charge for a huge-range of laptops including the 2021 MacBook Pro 14" (M1 Pro), HP Spectre x360, Dell XPS 13, and more when you connect to either USB-C port.

#### One Charger. 3 Devices.

This is the only charger you need to power up all the devices you use on a daily basis including your laptop, phone, and earbuds.

#### Universal Compatibility

Anker's exclusive PowerIQ 3.0 technology ensures compatibility with virtually any operating system or charging protocol, so no matter what device you connect, you'll get the power you need.

#### Powered by GaN II Tech

By swapping out silicon for gallium nitride (GaN), we've reduced the size of our chargers without compromising power. Now with GaN II, we can keep pushing the limits of mobile power even further.
