

Always feel safe knowing your home is protected, inside and out.

In case of any break-in, the Yale Indoor Siren will sound (adjustable volume, up 85dB), and the built-in LED will flash, acting as a clear deterrent for any unwanted guests.

The alarm will be triggered if someone attempts to tamper with the device, providing complete home protection. The Indoor Siren produces dedicated audible countdown tones when your alarm is arming and disarming.

Receive real-time alerts via the app whenever the alarm is activated.

Trusted every day
