POLY POWER MEETS MICROSOFT TEAMS

BENEFITS

- Pinpoint-accurate speaker framing and professional-quality group framing from Poly DirectorAI technology.
- Prevent distracting noises and side conversations from interrupting your meetings with Poly NoiseBlockAI and Acoustic Fence technology.
- Choice of PCs from world-renowned manufacturers like Lenovo and Dell.
- All Poly Studio Room Kits are clutter-free and simple to set up.
- Arrange the conference room to fit your needs with the generous 10m (32.8 ft) USB cable (25 m/40 m options available).

POLY ROOM SOLUTIONS FOR MICROSOFT TEAMS ROOMS ON WINDOWS

Poly Studio Room Kits for Microsoft Teams Rooms on Windows deliver a simple, clutter free user experience with brilliant video and audio features for focus rooms all the way up to large boardrooms. All-in-one video bars free up the conference table surface especially in smaller rooms, while the tabletop touch controller connects to the dedicated collaboration PC securely stowed in the cabinet or on the wall with a single cable.

Poly A.I.-driven technologies such as Poly DirectorAI equalizes physical distances in the meeting room and ensures that everyone in the room is seen clearly with automatic camera framing technology. Audio innovations such as Poly NoiseBlockAI and Acoustic Fence technology ensure that distracting noises inside and outside the room are intelligently blocked out, so your voice will be heard clearly every time.

Transform any room into a high-impact collaboration space with Poly Studio Room Kits for Microsoft Teams Rooms on Windows.
