Product name: ENDORFY Zephyr 80
Product code: EY4A019

The ENDORFY Zephyr 80 may be small, but it cools like a glass of ice-cold water after long hours of jogging on a hot summer's day. It's only 80 mm tall at its highest point – so it can fit inside a smaller PC case and keep your components cool. It's a breeze!

The fan runs on a durable FDB bearing. Plus, it fits into most cases like a tailor-made costume for a fantasy convention – except the ENDORFY Zephyr 80 is additionally armed with a 600 mm cable. It also comes with a manual that will get you up and running in no time – even if it's your first time. And the next ones will be even quicker!

Quiet and lag-free
If we had to briefly sum up the work of our fan, we'd say that it works quietly and lag-free. Simply put, with the Zephyr 80 ~~on board~~ inside your PC case, you can play and work without worrying about overheating your components. We just know that you have more important things on your mind than watching the temperature of your PC.

Our fan runs on a durable FDB bearing (80.000 h MTBF) and it stays quiet and smooth even as you tweak the settings of your favorite game. Say goodbye to lags and the monotonous buzz coming from the PC case.

80 mm of air conditioning
Cargo pants are coming back, and the Zephyr 80 is a pocket fan if we've ever seen one. It's only 80 mm tall at its highest point, so chill out (literally!) – you'll be able to fit this bad boy into a small PC case.

Best of all, you can mount in literally in a jiffy – without any additional accessories. Included witrh the fan are 4 mounting screws. All you have to do is screw the Zephyr 120 to your PC case and you're done. You're ready to ~~go~~ have fun.

3-year warranty
We believe in the quality that comes with the ENDORFY logo. That's why the Zephyr 80 is covered by a long 3-year warranty (but you probably won't use it anyway).

ENDORFY Zephyr 80 – main features:
- Versatile and cost effective
- Long-life FDB bearing
- Stealthy design

ENDORFY Zephyr 80 – technical specifications:
- Product code: EY4A019
- EAN: 5903018667249
- Product type: PC fan
- Fan dimensions: 80×80×25 mm
- Fan bearing: FDB
- Fan speed: 2100 (±10%) RPM
- Control (speed): DC

- Connector (fan): 3-pin (female)
- Voltage (fan): 12 V
- Current (fan, peak): 0.25 A
- MTBF: 80 000 h
- Warranty: 36 months

ENDORFY Zephyr 80 – logistics data:
- Retail box dimensions: 85×28×110 mm
- Weight (net): 71 g
- Weight (gross): 90 g
- Master carton dimensions: 455×305×287 mm
- Master carton weight (gross): 11.5 kg
- Product quantity in master carton: 120 pcs

Set includes:
- Zephyr 80 fan
- 4× screw
- Safety instructions
