

**Product name: ENDORFY Mouse Dock Onyx White**  
**Product code: EY0F002**

Mouse Dock Onyx White is a sleek charging dock, the perfect complement for the LIV Wireless mouse (also compatible with LIV Plus Wireless). With its onyx-white-inspired design and RGB backlight, it fits seamlessly into any setup, providing convenient and fast charging without the need to plug in any cables.

#### **Low battery? Just place the mouse on the dock**

No more plugging in cables to charge your mouse! When you place the LIV Wireless or LIV Plus Wireless onto the magnetic dock, the wireless charging process starts automatically without the need for an additional cable.

#### **Striking RGB backlight**

The Mouse Dock Onyx White is equipped with 11 RGB modes that can be easily changed or completely turned off with a single button. This allows you to customize the look of a workspace to match your setup or current mood.

#### **Always stable on your desk**

The Mouse Dock Onyx White features a non-slip rubber base, ensuring it stays firmly in place. It's also incredibly easy to clean, so you can effortlessly restore its fresh look whenever needed.

#### **Practical USB port**

Equipped with a 1.8-meter USB cable, the Mouse Dock Onyx White also features an additional USB-A 2.0 port on the front. It allows you to conveniently connect devices like the USB 2.4 GHz dongle for LIV Wireless and LIV Plus Wireless. As a result, the setup reduces the distance between the receiver and the mouse, requiring only one USB port on your computer instead of two.
