**Description**

# 2m Premium High Speed HDMI cable with Ethernet | Supports 4K@60Hz as specified in HDMI 2.0

A faster, Smoother and seamless experience with the increased maximum bandwidth of up to 18.0 Gbps enabling the leads to carry video resolution up to 4K @60Hz with 24 bit/pixel colour depth as per the HDMI 2.0 Specifications.

The Premium High Speed HDMI cable also supports ARC (Audio Return Channel), HDR, HDCP 2.2, 3D, HEC

4Cabling Premium High Speed HDMI cables are backwards compatible with older HDMI devices: simply plug it into any standard Type-A Female HDMI socket and it's all good to go. This means our leads are compatible with previous standard and compatible with a wide range of Audio/ Video players such as Blu-ray players, DVD players, LED, LCD, plasma and OLED TVs, Commercial Video Mixers, projectors, media players and games consoles such as the PS4 and Xbox One. HDMI connection transmits uncompressed audio-video data in 100% digital form, this in itself adds up to the world-class viewing experience, with superb video accuracy and audiophile-quality sound.

With 24K gold-plated corrosion-resistant connectors, you can rest assure that this 4Cabling HDMI cable will last longer than most other HDMI cables. The oxygen-free cable and fully shielded construction make our Premium High Speed HDMI cable virtually noiseless, with very low distortion, making it very reliable for any Audiophile and Home Theatre enthusiast.

**4Cabling Premium High Speed HDMI Cable Features:**

- RoHS Compliant
