CORE 1100

Despite its extremely small outer dimensions, the Core 1100 mATX case provides everything you need. The stylish, Scandinavian exterior design is matched by the fully painted interior, complete with the signature white details of Fractal Design.

The case is optimized for airflow with a straight cooling path, and comes equipped with a pre-installed 120mm fan. The front panel is equipped with dust filters.

An innovative vertical hard drive bracket can fit either two 3.5" drives, three 2.5" drives, or one drive of each size. Both the 3.5" drive slots come with silicone vibration dampening grommets.

Key features

- An extremely compact micro ATX case, designed for exceptional airflow and cooling
- Brushed aluminum-look front panel with a sleek, three-dimensional textured finish
- One Fractal Design 120mm fans included
- Easy access I/O on front panel, with audio and both USB 3.0 and USB 2.0 ports
- Front panel dust filters and closed top and bottom panels help maintaining a dust free interior
- Innovative vertical HDD bracket, which can hold two 3.5" drives or three 2.5" drives, or one drive of each size
- Vibration-dampened mounting for both 3.5" drive slots
- Fully painted interior, with Fractal Design signature white details

Core x3 Series

The Core family of cases have always been centered around providing the core features and performance of Fractal Design's case lineage at an aggressive price point.   Core has undergone an evolution thanks in part to the valuable feedback from our customers.

The new x3 Series of the Core Family of cases are liquid cooling ready, featuring superb airflow and an innovative vertical drive mounting system. Able to support up to six drives, the unique design of the vertical hard drive bracket ensures that it will not restrict optimum airflow. For added versatility the drive bracket is fully removable, allowing the end user incredible flexibility for mounting liquid cooling radiators up to 280mm in size.

General Specifications

Drive bay capacity	• 2 - 5.25" bays • 2 - 3.5" HDD positions OR • 3 - 2.5" drive positions OR • 1 - 2.5" drive position • 1 - 3.5" drive position
Expansion slots	4
Motherboard compatibility	• Micro ATX • Mini ITX
Cooling / Ventilation	• 3 - Fan positions (1 fan included) • Filtered fan slots in front • CPU coolers up to 148 mm in height
Front interface	• 1 USB 3.0 + 1 USB 2.0 • Audio in/out • Power button with LED (white) • HDD activity LED (white) • Reset button
Power supply compatibility	ATX PSUs, up to 185mm if a typical-length optical drive is mounted
Graphics card compatibility	Graphics cards up to 350mm in length may be installed. One or more 3.5" hard drives may interfere with side-mounted power connectors on graphics cards longer than 170 mm
Colors Available	Black
Case dimensions - W x H x D (mm)	175 x 358 x 410
Case dimensions - with feet/protrusions/screws	175 x 368 x 420
Net weight (kg)	3.8 kg
Package dimensions - W x H x D (mm)	235*485*420
Package weight – (Kg)	4.6 kg

Cooling System

Front	1 - 120mm fans (included is 1 Fractal Design silent 120mm fan, 1200 RPM speed)
Rear	1 - 92mm fan
Side	1 - 120mm fan (not included)
