NetShelter SX, Server Rack Enclosure, 42U, Black, 1991.4H x 750W x 1070D mm

APC NetShelter SX, Server Rack Enclosure, 42U, Black, 1991.4H x 750W x 1070D mm:

An industry standard server rack ready for medium to high density environments with height designed to easily fit through standard doorways. Wide rack design allows for additional space beside the vertical mounting rails for passing cabling from front-to-back in the enclosure. It provides plenty of clearance at the back for Rack PDUs and cable managers not to interfere with IT device hot swappable components. The width is ideal for converged and hyperconverged IT which include a mix of server, storage, and network switches all in one rack.
