EAGLE PRO AI

AX1500 MESH SYSTEM M15

Wi-Fi 6 Performance
Future-proof your Wi-Fi with coverage that's better, faster, and more efficient

Clean Network
Compliant with the latest security standards like WPA3™ and IEC 62443-4-1

Gigabit Ports
Plug in smart TVs, game consoles, and other devices for a fast and reliable connection

Voice Control
Works with Amazon Alexa and Google Assistant for convenient voice control

Wi-Fi 6 is better, faster and more efficient, with improvements like:

- OFDMA for more throughput
- BSS coloring for less interference
- More Wi-Fi streams for shorter response times
- Target Wake Time for longer device battery life
- Beamforming technology makes Wi-Fi connections more precise

AX1500 Speeds²
Up to 300 Mbps (2.4 GHz) + 1201 Mbps (5 GHz)

Mesh Smart Roaming
Create whole-home mesh-Wi-Fi with one network name and automatically connect as you move through your home

D-Link®

¹The theoretical coverage in D-Link Lab testing may vary in different environments. ²Maximum wireless signal rate derived from IEEE 802.11ax specifications. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors may adversely affect wireless signal range. An 802.11ax client device is required to achieve maximum speeds and performance. All references to speed and range are for comparison purposes only. Product specifications, size, and shape are subject to change without notice, and actual product appearance may differ from that depicted on the package.

For EAGLE PRO AI and EAGLE PRO AI Assistant, this product can be used with the following conditions:

1. The product is designed for use in the United States and Canada. It is not intended for use in other countries. Please refer to the user manual for more information.

2. The product is designed for use in a home environment. It is not intended for use in a commercial or industrial environment. Please refer to the user manual for more information.

3. The product is designed for use with a standard power outlet. It is not intended for use with a power source that is not a standard power outlet. Please refer to the user manual for more information.

4. The product is designed for use with a standard network cable. It is not intended for use with a network cable that is not a standard network cable. Please refer to the user manual for more information.

5. The product is designed for use with a standard network switch. It is not intended for use with a network switch that is not a standard network switch. Please refer to the user manual for more information.

6. The product is designed for use with a standard network router. It is not intended for use with a network router that is not a standard network router. Please refer to the user manual for more information.

7. The product is designed for use with a standard network firewall. It is not intended for use with a network firewall that is not a standard network firewall. Please refer to the user manual for more information.

8. The product is designed for use with a standard network proxy server. It is not intended for use with a network proxy server that is not a standard network proxy server. Please refer to the user manual for more information.

9. The product is designed for use with a standard network load balancer. It is not intended for use with a network load balancer that is not a standard network load balancer. Please refer to the user manual for more information.

10. The product is designed for use with a standard network switch. It is not intended for use with a network switch that is not a standard network switch. Please refer to the user manual for more information.

System Requirements

- Cable, DSL or Fibre modem or router with one available Ethernet port.
- For setup using D-Link AI app:
- iPhone, iPad, or Android smartphone or tablet which supports the EAGLE PRO AI app

Package Contents

- 2 x AX1500 Mesh Router (M15)
- 2 x Power Adapter
- Ethernet Cable
- Quick Start Guide
- Warranty Information
