THE INSPIRATION

Sri. C. M. Nagaraj was born on March 09, 1942 in a small village Chandanahalli of Kunigal Taluk in Tumkur District. He grew up with an interest in Sports and became a Physical Education teacher in a school in Bengaluru. Sensing the importance of physical fitness in better learning and Academic resilience, he founded a school in 1968, at the age of 26. Based on the success of his first school in terms of reach and impact, he established a few more educational institutions. He strongly believed that Discipline, Dedication, and Determination (3Ds) form a powerful mindset for achieving goals, acting as the bridge between aspirations and reality, with discipline providing structure, dedication ensuring focus, and determination fuelling perseverance through challenges.

LEADERSHIP

CHAIRPERSON

Thirupathi Education Society was registered as per the Karnataka Societies Registration Act 1960 at Bengaluru in the year 1992. The objective of the Society has been to develop All-round responsible citizens with critical thinking, strong ethics and practical skills. Smt. Chitrakala Nagaraj is the President of the Society who encourages to maintain balance between sports and academics in all its Educational Institutions.

- Smt. Chitrakala Nagaraj

SECRETARY

Chairman - Shri C.N. Shashikiran is serving as the Secretary for various Institutions and the Chairman of Governing Council of CMN Institute of Technology (CMNIT). He works alongside Chairperson Smt. Chitrakala Nagaraj, continuing the legacy of founder Late Sri C.M. Nagaraj, focusing on integrating modern technology with traditional education for holistic student development. Envisions educational institutions as dynamic environments that shape students' lives by fostering a love for learning and instilling strong values.

- Mr. C N Shashikiran

Prof. K. Kumar is a professional with rich Industry and Academic experience. He was the Director of KGTTI, Govt. of Karnataka before taking over as the Principal of CMNIT. Previously, Dr. Kumar worked for Triveni Turbine Limited (TTL), Bengaluru, Infosys, German Scher Lloyd and Kshipra Simulations. He is of the opinion that Higher Education Institutions must "Teach to Think" and "Build Self that is Universally Good".

Dr. KUMAR K
PRINCIPAL, CMNIT

GUIDANCE

Dr. H P Kincha,
Chief Advisor, CMNIT .

Prof. H.P. Khincha is a distinguished Electrical Engineer and Academic, renowned for his 42-year tenure (1969-2011) as a Professor at the Indian Institute of Science (IISc), Bengaluru. He is a former Vice Chancellor - Visvesvaraya Technological University (VTU) and has held key advisory roles, including Chairman of the Karnataka State Innovation Council. He is the Chairman of the Advisory Board of CMNIT and advocates that the modern HEIs must prioritize digital transformation and academic freedom to ensure holistic student development and societal progress.

Dr. K N B Murthy,
Chief Mentor, CMNIT.

Prof. K.N. Balasubramanya Murthy holds a Masters degree from IISc - Bengaluru and PhD from IIT Madras. He is a well known academician in the state of Karnataka and served PES University as its founding Vice-Chancellor. He is currently the Chief Mentor of CMNIT. He strongly emphasizes that a good quality Higher Education Institution prepares its students for lifelong employability and adaptability.

"To inculcate discipline, determination and dedication among students in every step of life"

Perseverance, Politeness, Prudence

- To encourage students to adopt orderly approach in work ensuring time management and self-responsibility;
- To make students to realize that perseverance is needed in work to overcome obstacles;
- To develop the culture of unwavering commitment for achieving continuous improvements in work;

COURSES

Computer Science & Engineering (4 Years)

Learn core computing, full-stack Development, and Emerging Technologies.

Artificial intelligence and machine learning (4 Years)

Gain expertise in analytics, Machine Learning, and bigdata solutions.

Electronics and Communication Engineering (4 Years)

Explore Embedded Systems, communication networks, and Smart Technologies.

Electronics and Computer Engineering (4 Years)

Master Neural Networks, deep learning, and intelligent systems.

Master of Business Administration (MBA) (2 Years)

Develop leadership and business skills for Global Management Careers.

Master of Computer Application (MCA) (2 Years)

Advance skills in Software Development and Enterprise solutions.
