ASUS AURA

The latest 7th Generation Intel Core i7 quad-core processor and NVIDIA® GeForce® GTX 1050 graphics deliver performance that's as superior as your gaming prowess. Strix GL703 also offers 16GB of fast DDR4 2400MHz memory for superior multitasking performance.

Strix GL703 is renowned for outstanding portability and
superior performance: Weighing only 6.7 lbs, and with a thin 0.9" profile, Strix GL703 packs agile gaming firepower that allows you to enjoy gaming anytime and anywhere.
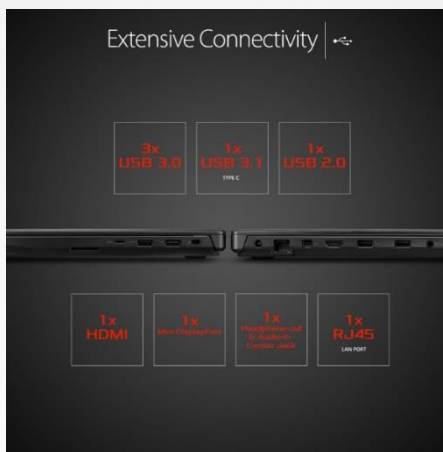

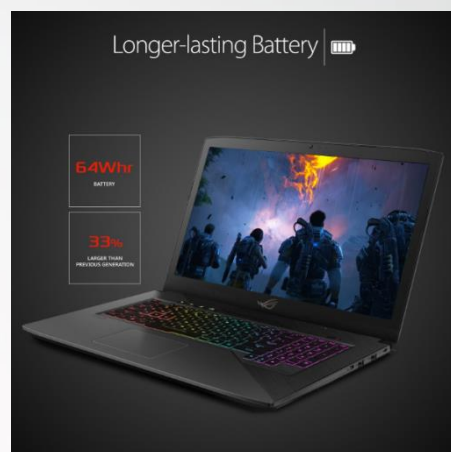

ASUS AURA is a combination of RGB backlighting and control software that lets you customize your gaming style. The backlighting is split between four zones that can be configured independently or synchronized harmoniously. Static, breathing, and color-cycling modes are available.

**Keep cool and carry on**

**Extensive Connectivity**

3x USB 3.0  1x USB 3.1 TYPE C  1x USB 2.0

1x HDMI  1x Mini DisplayPort  1x Headphone-out & Audio-in Combo Jack  1x RJ45 LAN PORT

**Longer-lasting Battery**

64Whr BATTERY

33% LARGER THAN PREVIOUS GENERATION

Strix GL703 features an intelligent thermal design that employs multiple heat pipes and dual fans to maximize CPU and GPU performance.

We've put frequently-used input ports where you'll have fast access and the minimum interference — on the left-hand side to avoid contact with the mousing hand.

The ROG STRIX GL703 is equipped with a 64Whr battery, a 33% improvement over previous generations giving you the freedom to game for even longer while you are away from a power plug.
