

UM6910PUC/PUA Series

4K HDR Smart LED TV

55"

43"

* Class size: See below for details.

- **IPS 4K Display**
- **Quad Core Processor**
- **4K Active HDR**

DESCRIPTION

Start movie night right with the LG UHD TV UM6900 4K screen that provides four times the resolution of Full HD. Its powerful quad-core processor enhances picture and sound, while 4K Active HDR adjusts picture scene by scene. Plus, easily access your favorite streaming content through webOS.

KEY FEATURES

IPS 4K Display

The IPS 4K panel's wide viewing angle keeps you enthralled with spectacular realism — displaying almost 100% color accuracy, even from a 60-degree angle.

Quad Core Processor

The hard-working quad-core processor improves images, action and color, reducing distracting video noise and motion blur, enhancing sharpness and portraying accurate colors.

4K Active HDR

Discover 4K resolution in your premium content choices, all optimized with Active HDR's scene-by-scene picture adjustment. The multi-format 4K high dynamic range supports HDR10 and HLG, both with LG's advanced tone mapping technology that further optimize each scene.

LG 4K UHD TV
