

Sealy Ease Adjustable Base

The Sealy Ease adjustable base is the simple way to turn your bed into the perfect place to relax. The wireless remote controls the head and leg lift, for virtually unlimited range of ergonomic positions. Support yourself in your ideal position to read, watch TV, or fall asleep in perfect comfort.

Features:

- Independent head and foot control with a wireless remote
- Head raises up to 60 degrees from flat, legs raise up to 50 degrees
- Pre-programmed remote means no need to pair with base
- Zero Standby Power System (<1W)
- Simple one-button preset "return to flat" position
- Gravity release safety feature
- Lift capacity of 650lbs
