Key Features

Web Description

Acer Swift 1 SF114-33-C41A, 14.0" Full HD IPS Display, Intel Celeron N4020 Processor, 4GB LPDDR4, 128GB eMMC, Intel Wireless Wi-Fi 6 AX200 802.11ax, Fingerprint Reader, Windows 11 Home in S mode

Sleek, Snazzy & Super Productive

The Swift 1 is designed to take you through your tasks with confidence and style. Its ultra-slim design accommodates your on-the-go lifestyle while the crisp 14" Full HD IPS screen coupled with two built-in stereo speakers providing a rich entertainment experience. The super-fast Intel® Wi-Fi 6 connectivity with an extra-long battery life makes it the perfect companion at work, school, home—anywhere! With Windows 11 Home in S mode, you'll experience fast start-ups, a familiar yet expanded Start menu, and great new ways to get stuff done. And with automatic updates enabled, you get all the latest features and security hassle-free. Work, play, share, and draw all in one device!

Features

Sleek and Stylish Ultra-slim Design

The vogue look of the Swift 1 is matched only by the convenience of its super thin, portable design. The body gives you the look and feel you want and the strength you need. A sleek, premium design for everyday computing essentials.

Superscharged Internet Speeds

Intel® Wi-Fi 6 (802.11ax) supports next generation Wi-Fi for fast, flexible and safe connectivity. Intel® Wi-Fi 6 (802.11ax) enables gigabit speeds that are nearly 3X faster than standard Wi-Fi (802.11ac). Experience a fast, reliable connection when browsing, streaming or gaming, even in environments with many connected devices.

Strong and Silent Type

The Swift 1 packs a lot of power into the thin body. The latest Intel® Celeron® Processor keeps everything running at optimum speeds while the fan-less design keeps noises to a minimum for the perfect quiet environment.

Quick and Safe login

Enjoy an extra level of biometric security, safeguarding unauthorized users from accessing your PC. It is a quick and secure way for Windows Hello™ to verify your identity without a password and automatically log you into your Windows account.

Clearer, Brighter Vision

Eye popping colors and details bring images and videos to life. Through the use of narrow bezel, offering up an 84% screen-to-body ratio, users see more of the 14-inch FHD IPS screen. Eye strain is also lessened and colors improved with Acer ExaColor™ and BlueLightShield™.

Work Day Productivity

With a battery life of up to 16-hours, your device is designed to stay at your side for the entirety of the day. When you're on the move, you don't want to worry about your laptop not performing as you'd expect. The Swift 1 gives you all the power you need for a full day's work and entertainment. If you run low, the Fast Charging gives you up to 4 hours with just 30 minutes of charging.

Introducing Windows 11 Home in S mode - Streamlined for security & superior performance, and works exclusively with apps from the Microsoft Store.

Get a Fresh Perspective

Family, friends, obsessions, music, creations—Windows 11 Home in S mode is the one place for it all. With a fresh new feel and tools that make it easier to be efficient, it has what you need for whatever's next. Less noise, clutter, or chaos. Microsoft reimagined the way a PC should work for you and with you. Windows 11 is redefining productivity.

NX.HYTAA.003

Software

Windows 11 Home in S mode⁽⁷⁾

Productivity

Acer Care Center
Microsoft® 365 Personal 1-Year Subscription (activation code included)⁽⁶⁾

(1) Overall system performance is based on several PC attributes. GHz, processor clock speed, is one of the attributes. Intel Burst Technology performance varies depending on hardware, software and overall system configuration.

(2) Shared system memory may be allocated to support integrated graphics depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of dedicated and shared system memory utilized by the graphics solution and resources required by the operating environment.

(3) 1GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer eRecovery Management utilizes up to 8GB (10GB with Microsoft® Works 8.5 with Office Home and Student 2007 Trial) of the stated hard disk capacity as dedicated backup space.

(4) Battery life varies depending on product specifications, computer settings and applications or features launched.

(5) For a free copy of the standard limited warranty, end users should visit a reseller at which Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503. TFT displays commonly exhibit a small number of discolored dots, so-called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For International Travelers Warranty: Valid only in countries in which Acer has an authorized repair facility; for a list of those countries, go to <http://global.acer.com/support/itw.htm> or call 800-816-2237. Services and response times may vary in countries outside the U.S. and Canada.

(6) Microsoft 365 1 Year Subscription included. After the 1 Year Subscription, Microsoft Office 365 will need to be re-newed.

(7) Windows 11 S works exclusively with apps from the Microsoft Store within Windows. Certain default settings, features, and apps cannot be changed. Some accessories and apps compatible with Windows 11 may not work (including some antivirus and accessibility apps), and performance may vary. If you switch to Windows 11 Home configuration you can't switch back to Windows 11 S. Learn more at Windows.com/Windows10SFAQ.
