Acer Nitro QG271 bi 27-inch Full HD Gaming Monitor

In competitive gaming, every frame matters. Introducing Acer's QG271 gaming monitor - the Full HD resolution monitor that can keep up with your game play. Through AMD Radeon technology, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor, giving you a

serious competitive edge. Plus, users can enjoy comfortable viewing experience while gaming via flicker less, low dimming and ComfyView display. The design saves space on your desk and lets you place

multiple monitors side by side to build a seamless big-screen display.

27" Full HD (1920 x 1080) Widescreen VA Monitor with AMD Radeon FreeSync Technology

Response Time: 1ms VRB
