

PRODUCT HIGHLIGHTS

- Stereo sound with a bi-directional speaker.
- Long lasting battery to keep the party going.
- IPX5-rated water resistance to enjoy sound in rain or shine.
- Set the mood with festive LED lighting effects.

The key to a great party is a great sound system. The ST40B soundtower is an all-in-one solution perfect for pumping the bass and filling rooms with rich sound. With the built in battery, you can take the Sound Tower almost anywhere the party travels to. Connect two smart devices simultaneously and download the Sound Tower App to control everything from built-in LED lighting to sound effects right from your Android or iOS device.

KEY FEATURES

BI-DIRECTIONAL SOUND

Uniquely designed bi-directional speakers kick up the sound with 160 watts of high power.

BUILT-IN BATTERY¹

Enjoy up to 12 hours of unplugged entertainment with our built-in battery.

IPX5 RATED (WATER-RESISTANT)²

Rain or shine, enjoy year-round outdoor entertainment with this soundbar that is IPX5 rated for weather-resistant durability against water and dust.

PARTY LIGHTS +³

Set the mood with festive LED lighting effects. Enjoy party, ambient, and dance modes.

BLUETOOTH MULTI-CONNECTION⁴

Connect two smart devices simultaneously and share the sound tower with ease. No more jumping back and forth, just deciding what's next.

GROUP PLAY⁵

Connect as many as 10 Samsung soundtowers to create a powerful audio experience that's sure to get the party started.

PARTY SOUND MODE

Plus up your party with enhanced and punchy bass that's sure to set the tone for fun times.

SOUND TOWER APP

Connect as many as 10 Samsung soundtowers to create a powerful audio experience that's sure to get the party started.

¹Battery life will vary depending on applications loaded on the product and power management setting used by the consumer. ²Protection from water conditions based on IPX5 standard. Can resist a sustained, low pressure water jet spray, projected by a nozzle (6.3 mm (0.25 in)) against enclosure from any direction. ³Images are simulated and for illustration purposes only. ⁴Requires Bluetooth® compatible devices. ⁵Connect up to 10 wireless or wired.
