Key Features

Web Description

Acer Aspire C27 AIO Desktop, 27.0" Full HD IPS, 11th Gen Intel Core i5-1135G7, Intel Iris Xe Graphics, 8GB DDR4 Memory, 512GB NVMe M.2 SSD, Intel Wireless Wi-Fi 6 AX201 802.11ax, Bluetooth 5.2, Windows 11 Home, USB Keyboard and Mouse, C27-1655-URIS

Features

Glorious Sight

See more details and sharper colors on the FHD IPS display. With a narrow bezel and a screen-to-body ratio of up to 92% you get to see more of the screen at viewing angles of 178°.

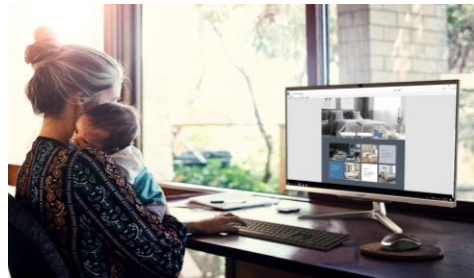

Stunning Performance

The latest 11th Gen Core i5 processor from Intel® delivers unmatched speed and intelligence, enabling impressive gaming, productivity and creating experiences with faster Wi-Fi 6 connectivity. The new Intel® Iris® Xe Graphics provides performance and crisp, stunning visuals.

Elegantly Slim Design

This impressively thin, space-saving design provides room for the whole family to join in the excitement and frees up precious desk space. The ergonomic tiltable display with the ability to tilt between -5° to 25° provides comfortable viewing when working or browsing.

Ready to Assist

Activate and query Windows 11 when the screen is off with Wake On Voice (WoV) to interact with Cortana while the device is in Modern Standby mode. Everything comes through crystal clear, such as Alexa for further streamlining your smart environment.

Privacy is Key

The Webcam at the top of Aspire C27 has a camera shutter that you can easily open and shut by sliding it with your finger for safeguarding your privacy when the webcam is not in use.

Crucial Connectivity

Expand the functionality of this Aspire C with a host of ports. Add an extra display using the HDMI port, add extra peripherals with the four USB ports and wirelessly connect to the internet with the Wi-Fi 6 (802.11ax) wireless connection.

Acer Care Center

(1) Overall system performance is based on several PC attributes. GHz, processor clock speed, is one of the attributes. Intel Turbo Boost Technology performance varies depending on hardware, software and overall system configuration.

(2) Shared system memory may be allocated to support integrated graphics depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of shared system memory utilized by the graphics solution and resources required by the operating environment.

(3) For a free copy of the standard limited warranty end-users should see a reseller where Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503. TFT displays commonly exhibit a small number of discolored dots, so-called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For international travelers warranty valid only in countries where Acer has an authorized repair facility. For a list of those countries go to <http://global.acer.com/support/tw.htm>. or call 800-816-2237. Services and response times may vary in countries outside the U.S. and Canada

(4) Internet access required. 30-day trial.

(5) 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer eRecovery Management utilizes up to 8 GB (10 GB with Microsoft® Office Starter 2010 Trial) of the stated hard disk capacity as dedicated backup space.

(6) Microsoft Office Trial included. After or during the 30-day trial, purchase an Office Product Key to activate one of the following Office suites preloaded on this PC: Office Home and Student, Office Home and Business, Office Professional.
