Key Features

Web Description

Acer Aspire 1 A115-32-C1DF, 15.6" Full HD Display, Intel Celeron N4500, 4GB DDR4, 64GB eMMC, 802.11ac WiFi 5, Microsoft 365 Personal, Windows 11 Home in S mode

All-In Essentials

The Acer Aspire 1 laptop will inspire you to be more productive at work, school or play because it's super user friendly, ultra-portable and offers great everyday performance. In fact, this little dynamo is the perfect companion to take with you anywhere with enough juice to power you through every computing journey. Lightweight and stylish, the Aspire 1, with the latest Celeron® processor from Intel®, delivers a balance of performance and graphics, featuring a 15.6" Full HD screen and 802.11ac WiFi 5 for fast connectivity and reliability that you can count on wherever you venture. With Windows 11 Home in S mode, you'll experience fast start-ups, a familiar yet expanded Start menu, and great new ways to get stuff done. And with automatic updates enabled, you get all the latest features and security hassle-free. Work, play and share all in one device!

Features

Purposeful Design

The classy look of the Aspire 1 is matched only by the convenience of its thin, easily portable design. The practical design has been slimmed down to provide users with an easily portable device and even includes an ergonomic hinge that pulls in additional airflow from underneath the laptop.

The Power of Wireless

Stream, download and browse to your heart's content! The 802.11ac WiFi 5 provides a smooth Internet experience at connection speeds that are up to three times faster than previous generations.

Powerful Processing

The latest Celeron® processor from Intel® delivers a balance of performance and graphics with faster connectivity. An Intel® Celeron® processor offers exceptional quality and value, with the processing power you need to get your work done, and stay in touch on the go.

Ports for All Occasions

With three USB ports, including two USB 3.2 Gen 1 and one USB 2.0, you're always prepared for any situation – whether plugging in for a presentation or using the latest peripherals. If needed, you can also connect to an external display via the HDMI® port when the occasion calls for a larger screen.

Visibly Stunning

Get more monitor real estate for these amazing visuals with the 15.6" Full HD display with a narrow-bezel design. Keep your eyes free from strain and watch or work for long sessions using Acer BlueLightShield™.

Intuitive Navigation

The easy-to-use Precision Touchpad is more responsive than traditional touchpads, accurately sensing fingertips and movements so you can work more effectively.

Introducing Windows 11 Home in S mode – Streamlined for security & superior performance, and works exclusively with apps from the Microsoft Store.

Get a Fresh Perspective

Family, friends, obsessions, music, creations—Windows 11 Home in S mode is the one place for it all. With a fresh new feel and tools that make it easier to be efficient, it has what you need for whatever's next. Less noise, clutter, or chaos. Microsoft reimagined the way a PC should work for you and with you. Windows 11 is redefining productivity.

Part Number

NX.A6WAA.00C

Software

Windows 11 Home in S mode⁽⁷⁾

Productivity

Acer Care Center
Microsoft® 365 Personal 1-Year Subscription (activation code included)⁽⁶⁾

(1) Overall system performance is based on several PC attributes. GHz, processor clock speed, is one of the attributes. Intel Burst Technology performance varies depending on hardware, software and overall system configuration.

(2) Shared system memory may be allocated to support integrated graphics depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of dedicated and shared system memory utilized by the graphics solution and resources required by the operating environment.

(3) 1GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer eRecovery Management utilizes up to 8GB (10GB with Microsoft® Works 8.5 with Office Home and Student 2007 Trial) of the stated hard disk capacity as dedicated backup space.

(4) Battery life varies depending on product specifications, computer settings and applications or features launched.

(5) For a free copy of the standard limited warranty, end users should visit a reseller at which Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503. TFT displays commonly exhibit a small number of discolored dots, so-called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For International Travelers Warranty: Valid only in countries in which Acer has an authorized repair facility; for a list of those countries, go to <http://global.acer.com/support/itw.htm> or call 800-816-2237. Services and response times may vary in countries outside the U.S. and Canada.

(6) Microsoft 365 1 Year Subscription included. After the 1 Year Subscription, Microsoft Office 365 will need to be re-newed.

(7) Windows 11 S works exclusively with apps from the Microsoft Store within Windows. Certain default settings, features, and apps cannot be changed. Some accessories and apps compatible with Windows 11 may not work (including some antivirus and accessibility apps), and performance may vary. If you switch to Windows 11 Home configuration you can't switch back to Windows 11 S. Learn more at Windows.com/Windows10SFAQ.
