- Charge your device and play your tracks via the USB port
- Fiestable App enhances the party⁴
- Personalize the sound using the Music Center App⁴
- Add to the fun with up to 100 speakers via Party Connect⁴

Features

X-Balanced Speaker units enhance sound quality and provide deep bass

A unique Sony-developed speaker unit allows for rich, powerful bass and higher sound levels while maintaining clarity.

Rugged IP66 water-resistant and dustproof design

Take the XG500 speaker anywhere. With an IP66 water-resistant and dustproof design, the speaker keeps on playing when exposed to water, sand, and dust.² Water repellent mesh fabric makes it easy to clean and dry the outside of the speaker.

All-day battery life with quick charging plus Battery Care

Up to 30 hours of battery life and quick charging ability means you will rarely have to go without any music. Just 10 minutes of charging provides up to 3 hours of playback.¹ When charging your speaker, the Battery Care feature stops charging just before the battery reaches 100% to increase the health and life span of battery.

Lightweight and portable

SONY

Made to be lightweight and portable, the built-in handle makes it easy to carry the XG500 with just one hand.

Unleash your inner pop star

Plug in a microphone or a guitar via the mic/guitar input in the rear port. When connecting a guitar, the XG500 can be used as a guitar amp.

Wireless with BLUETOOTH® technology

BLUETOOTH® streaming connectivity makes it simple to stream your party playlist.³

Subtle ring lighting

Stylish and subtle LED ring lighting adds a touch of fun to your music.

USB play & charge

Plug your smartphone or media device into one of the rear USB ports and play music over a wired connection while it charges via the speaker's power supply. You can also plug a USB memory stick or flash drive into a USB port to play your digital files.⁵

Control the party with the Sony | Music Center app

Control the party from the dancefloor, with the Sony | Music Center app⁴ - select your favorite playlists, cue the next song, change lighting patterns and sound modes.

Fiestable app

Download the Fiestable app⁴ and you'll be able to control the lighting on the XG500, even turn them off and also you can use motion control gestures on your smartphone screen.
