 **OURVO**
crafted with you in mind.
designed in the usa.

we're so glad you're here

thank you for choosing ourvo. we know that bringing a new piece of furniture into your home is a significant act of trust, and we take that responsibility to heart. we designed this product with you in mind. we hope that it encourages you to listen, gather, and connect more, and most importantly, to bring your home together once again.

this document is here to help you through the setup and troubleshooting process to ensure everything looks and sounds exactly as it should.

we are always looking for ways to do better and make our process easier for you. please don't hesitate to reach out and share your thoughts with us.

001

ourvohome.com/getintouch

let's keep you safe

nice and secure

we want your furniture to last for a long time, so we recommend checking the tightness of all screws and connections shortly after assembly and every few months thereafter.

for specific care and treatment of our materials, please check our website at **www.ourvohome.com**.

quick note

our pieces have been tested to meet specific safety measures exactly as they were designed and sold. **any modifications present a risk to the structural integrity of the piece**, which ourvo cannot be held responsible for. follow all assembly instructions carefully and inspect your product upon receipt.

ourvo and its partners cannot be held legally responsible for any injuries resulting from improper use of this product.

proper use

- **do not** use for commercial purposes.
- **do not** place on an uneven floor or surface.
- **do not** use as a step-stool or stand on the surface.
- **do not** put hot liquids or objects directly on the surface.
- **do not** use if the furniture is damaged or broken.
- **do not** make temporary repairs.
- **do not** use outdoors.

OURVO

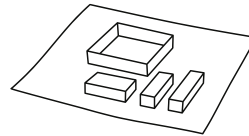

before you begin

check for all parts

confirm you have all cartons before starting. it helps to set aside the time needed and have a neighbor nearby to assist if you need a hand.

make space

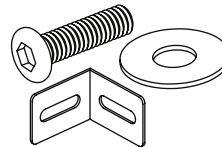

ensure you have enough room for assembly. we recommend protecting your floor with a mat or cardboard to avoid any scratches.

read carefully and follow steps

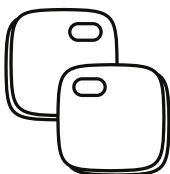

read the instructions and check that no parts are missing. following the steps in order ensures everything comes together as intended.

check for hardware

lay out all hardware on a soft surface to easily identify each piece. it is much easier to build when everything is within reach.

identify orientation

carefully identify all components to differentiate left and right. taking a moment to check orientation now saves time later.

no power tools

please do not over-tighten screws or use a drill. we want to protect the integrity of the materials and ensure your piece lasts.

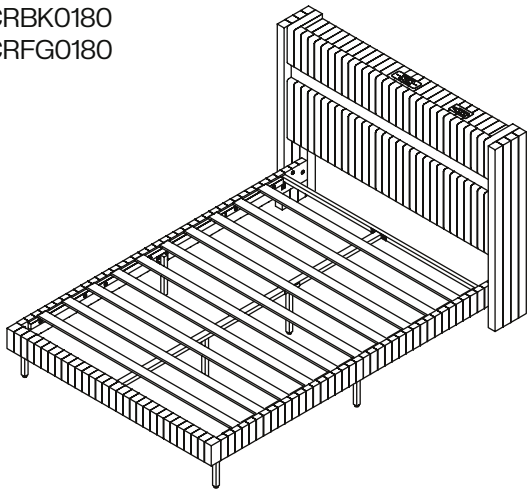

003

here we go...

you're ready to begin. we've designed this process to be as straightforward as possible so you can spend less time building and more time enjoying your ourvo product. take a breath, follow the steps, and you'll be finished in no time.

what you need

- your favorite playlist while you build
- use the box as a soft working surface to protect the integrity of the materials and your floor.
- a phillips head screwdriver. this is all the hardware you'll need from home; please leave the power drill in the garage.

OURVO

all done

lets complete some final checks.

- ensure all hardware is properly tightened
- please keep cables tidy to avoid confusion
- check levelers (if any) at the bottom of the floor supports to ensure proper contact with the floor

note: product may have minor size or appearance differences due to manual measurements and manufacturing conditions. please contact us if you are not satisfied.

taking care

we build our pieces to last for a long time, but a little light maintenance goes a long way in preserving that original spark. we believe in the golden rule: treat others how you want to be treated. that goes for the items in our home too. below you'll find some helpful tips to ensure your ourvo product remains a steady anchor in your home for years to come.

general care

- lift furniture from the base; never drag.
- avoid direct sunlight and heat exposure.
- clean with a damp cloth or mild detergent; dry immediately.
- blot spills promptly to prevent damage or warping.
- avoid abrasive cleaners, sharp objects, and products containing acetone, ammonia, or sodium hydroxide.

020

upholstery care

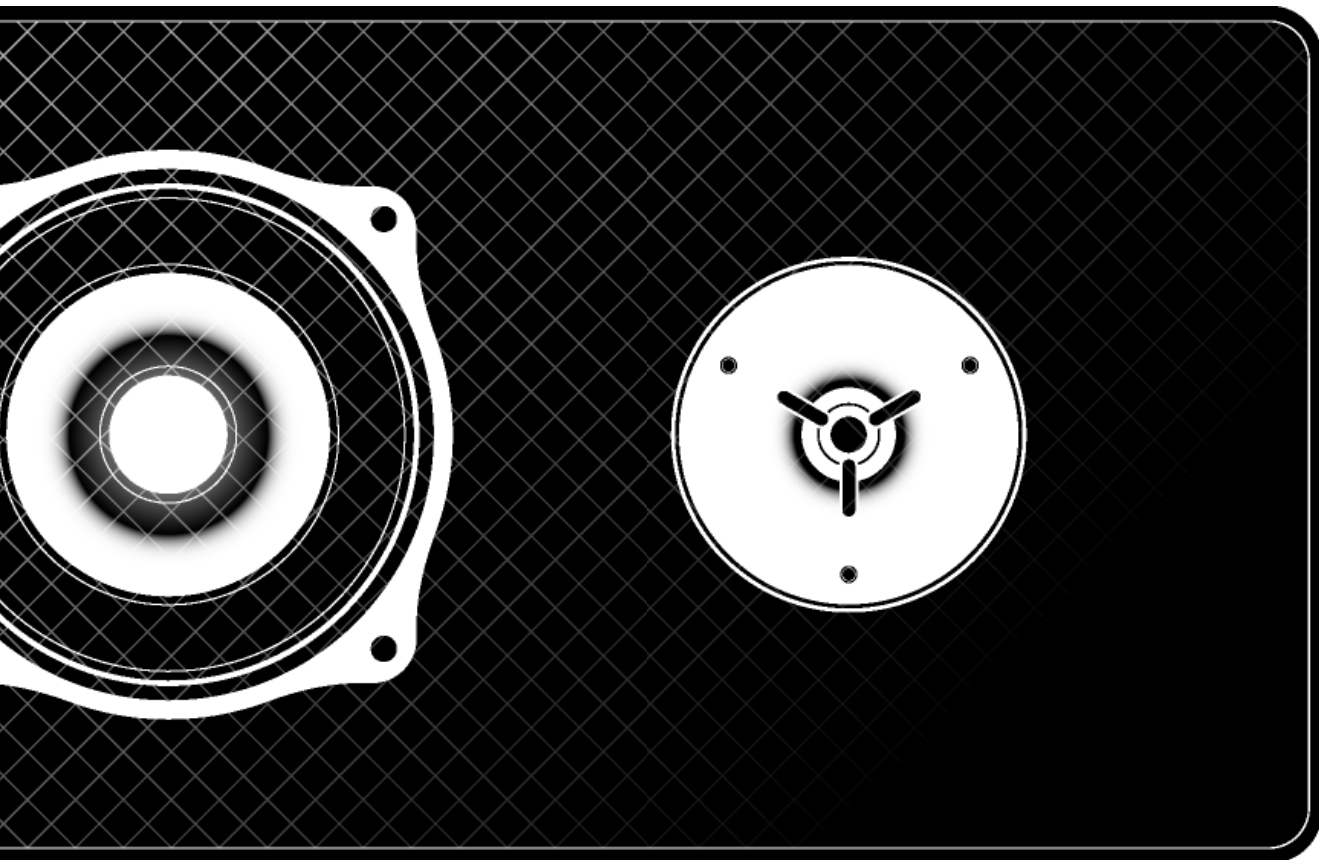

- lift furniture from the base; never drag.
- keep away from direct sunlight and heat sources.
- vacuum regularly with a brush attachment.
- blot spills immediately with a microfiber cloth; do not rub.
- use professional cleaning for stubborn stains.
- avoid abrasive cleaners and sharp objects.

following these instructions ensures your furniture stays as vibrant as the day it arrived. for more detailed care guides, please visit our website at www.ourvohome.com.

welcome to the neighborhood.

press the INPUT button on the panel control to select Bluetooth mode.

simultaneously open the Bluetooth setting on your phone, tablet or any other Bluetooth enabled audio device and select "Neo Soundbar" name.

important safety information

Please read and retain these instructions, follow all warnings, and use the device only as directed. Do not use the device near water, expose it to rain or moisture, or place liquid-filled objects on or near it, as this may increase the risk of fire or electric shock. Clean only with a dry, soft cloth, as household cleaners and solvents may damage the finish. Ensure ventilation openings remain unobstructed and install the device away from heat sources such as radiators, stoves, or other heat-producing equipment. Protect the power cable from being walked on or pinched, especially near plugs and connection points, and use only manufacturer-approved accessories. Unplug the device during lightning storms or extended periods of non-use. Any servicing should be performed only by qualified manufacturer service personnel, particularly if the device or power cable has been damaged, exposed to moisture, dropped, or is not operating properly.
