SAFETY & LONGEVITY

Nice and Secure

To ensure your furniture remains a staple in your home for years to come, we recommend verifying the tightness of all screws and connections shortly after assembly. A routine check every few months thereafter is advised to maintain structural integrity.

For detailed care instructions regarding specific materials and finishes, please visit www.vauxhillco.com/care.

QUICK NOTE

Our collections are tested to meet exacting safety standards. Please be advised that **any modifications compromise the structural integrity of the piece, for which Vauxhill & Co. cannot be held liable.** Follow all instructions precisely and inspect components upon delivery.

Vauxhill & Co. and its partners are not responsible for injuries resulting from improper use or assembly.

PROPER USE

- **Do not** use for commercial purposes.
- **Do not** place on an uneven surface.
- **Do not** use as a step-stool or stand upon the surface.
- **Do not** place hot liquids or objects directly on the surface.
- **Do not** use if the furniture appears damaged or compromised.
- **Do not** attempt temporary or improvised repairs.
- **Do not** use outdoors.

BEFORE YOU BEGIN

CHECK FOR ALL PARTS

Confirm all cartons have arrived before beginning. Set aside the necessary time and enlist a second set of hands to assist with the heavier components.

MAKE SPACE

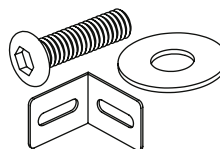

Ensure you have ample room for assembly. We recommend protecting your flooring with a mat or the provided cardboard to prevent any surface scratches.

READ CAREFULLY AND FOLLOW STEPS

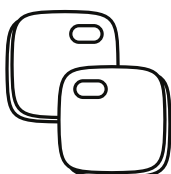

Review the instructions in full and ensure no parts are missing. Following the steps in their intended order ensures a seamless assembly experience.

CHECK FOR HARDWARE

Arrange all hardware on a soft surface for easy identification. When every screw and bolt is organized and within reach, efficiency is maximized.

IDENTIFY ORIENTATION

Carefully identify all components to differentiate between left and right. Verifying each piece now will save significant time during assembly.

NO POWER TOOLS

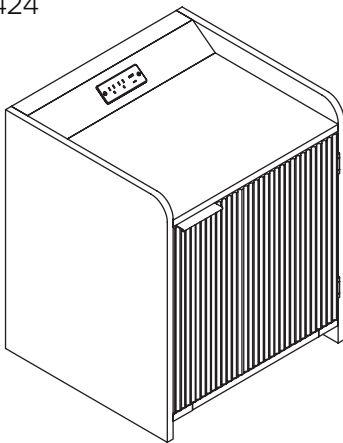

Please do not over-tighten screws or use a power drill. To preserve the integrity of the materials, manual assembly is required.

LETS BEGIN...

You are ready to start. We have designed this process to be as straightforward as possible, allowing you to focus on the craftsmanship of your new Vauxhill & Co. product. Take your time, follow the steps, and your space will be transformed shortly.

PRESERVATION & MAINTENANCE

We build our pieces to stand the test of time, but a commitment to light maintenance is essential in preserving their original character. Just as one cares for any fine heirloom, treating your furniture with intention ensures it remains a steady anchor in your home for years to come.

General care

- Lift furniture from the base; never drag.
- Avoid direct sunlight and heat exposure.
- Clean with a damp cloth or mild detergent; dry immediately.
- Blot spills promptly to prevent damage or warping.
- Avoid abrasive cleaners, sharp objects, and products containing acetone, ammonia, or sodium hydroxide.

Upholstery care

- Lift furniture from the base; never drag.
- Keep away from direct sunlight and heat sources.
- Vacuum regularly with a brush attachment.
- Blot spills immediately with a microfiber cloth; do not rub.
- Use professional cleaning for stubborn stains.
- Avoid abrasive cleaners and sharp objects.

Following these guidelines will ensure your furniture remains as vibrant as the day it arrived. For more detailed care instructions, please visit [**www.vauxhillco.com**](http://www.vauxhillco.com).
