

August 21, 2026

Dear Steven Shook,

Nurses for America (NFA), a national non-profit, all-volunteer organization of nurses, is pleased to inform you that our core team of nurse leaders voted to support your campaign as a Democratic candidate for Texas Congressional District 26. NFA is a national nursing group organized to promote Democratic majorities in the US House & Senate, in races for Governor, State Attorney General, Secretary of State and State Supreme Court Races. Please visit <https://nursesforamerica.net> for more information.

Your commitment to Medicare, Medicaid, Social Security, protecting our environment, gun safety, voting rights, comprehensive reproductive health services, LGBTQ+ rights, gender affirming care, affordable access to health care, disability rights, and public broadcasting matches our NFA mission.

Although Nurses for America does not provide monetary support, you are welcome to include NFA's logo (attached) and this letter on your website and post it on your social media platforms. NFA will also post our support for your candidacy on our social media platforms (Facebook, LinkedIn, Bluesky, Threads, Instagram). We will also encourage our members to support your candidacy.

Nurses have been ranked as the most trusted profession for over 24 years. We are hoping our support will be viewed positively by those making decisions when voting. Please let us know if you would like our logo in a format different from the PNG format. Do not hesitate to contact us if you have questions at info@nursesforamerica.net. Best wishes and good luck!

Sincerely,
Elaine Scherer, on behalf of
NFA Core Team Nurses for America
