STORY TIME

Nelson Mandela was born to the Thembu royal family in Mvezo, Union of South Africa. After becoming a lawyer in Johannesburg, he became involved in anti-colonial and African nationalist politics. After the national party's white only government established apartheid,

A system of racial segregation that privileged whites, he and the ANC committed themselves to its overthrow. After so many protests, he was sent to life imprisonment in 1962 for conspiring to overthrow the state. Mandela served 27 years in prison. Amid growing domestic and international pressure and fears of racial civil war, president F.W. de Klerk led efforts to negotiate an end to apartheid, which resulted in 1994 multiracial general election in which Mandela led the ANC to victory and became president. Being in power, he emphasized reconciliation between country's racial groups and created the Truth and Reconciliation Commission to investigate past human right abuses. In south Africa, he is described as the Father of the nation.

2. In our VM family, there are two members Aman and Haridyal. They are best friends. And as they are best friends ,

so in every VM meeting, Haridyal wants to sit with Aman in the following specific locations :

- To the adjacent right
- To the adjacent left
- Exactly behind

Suppose every VM meeting is like a $N \times N$ matrix, where in each box a person can sit.

Now your job is to find all the no. of ways for a given value of N for which Haridyal can sit with Aman according to the above conditions

UNSEEN GENIUS

मंजिल की पुकार थी

एक लडका था प्यारा सा,
आंखों में उसके रोशनी सी थी,
चाहता था वो पार कर लेना समुंदर,
पर मिला नहीं था उसे अब तक मंजर।

मुसाफिर था वो भटका हुआ,
न मंजिल उसे पता थी,
ना रास्ता उसे पता था,
पर रंगों में उसके एक जोश सा भरा था।

उसका हर कदम एक ही दिशा में होता था,
शायद वो इसीलिए सपनों में खोता था,
चाहता था वो बूंद बनना जो जाकर मोती बने,
पर ये तो भाग्य की बात है।

हवा के बहाव में और बादल के अभाव में,
आखिर बूंद की मंजिल क्या होगी किसे पता था,
क्या बूंद की मंजिल केवल हवा के ही हाथ में थी?
आखिर, वो बूंद जाकर मोती बन ही गई!
