Thought of the Month

“Talk to yourself once in a day... otherwise you may miss meeting an excellent person in this world ”

-Swami
Vivekanand

5 September – Teachers' Day

Celebrated to mark the birth anniversary of India's second President Dr. Sarvepalli Radhakrishnan to acknowledge the effort of teachers.

8 September – International Literacy Day

Celebrated in order to make people aware of the importance of literacy which no doubt is a matter of dignity and human rights.

11 September–Universal Brotherhood Day

To honour the historic speech delivered by Swami Vivekanand on this day in 1893 in Chicago to the delegates of the World Parliament of Religions.

14 September – Hindi Diwas

On this day the Constituent Assembly of India adopted Hindi written in Devanagari script in 1949 as the official language of the Republic of India.

15 September – Engineer's Day

Celebrated as a tribute to the Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya.

Foundation Day

(16 Sep 2021)

J.C. Bose University of Science and Technology YMCA, Faridabad celebrated its Foundation Day with great zeal and enthusiasm and felicitated its faculty members, staffs and students for their outstanding achievements and contributions in various activities.

The university which came into existence in 1969 as an Indo-German diploma institute, now has completed its 52 years as an institution and 12 years as a university.

The Chief Guest Prof. Tankeshwar Kumar also took stock of facilities at the digital studio of the university.

Amazing Facts

- The sun doesn't set in summer. ([Click here..](#))

- Water Integrator — a computer that run on water. ([Click here..](#))

- Hawaii moves 7.5cm closer to Alaska every year. ([Click here..](#))

- There is enough DNA in the average person's body to stretch from the sun to Pluto and back 17 times. ([Click here..](#))

TECH DIGEST

World's largest plant capturing carbon from air starts in Iceland

- The world's largest plant that sucks carbon dioxide directly from the air and deposits it underground is going to start operating on 15 September 2021, the company behind the nascent green technology said.
- Swiss start-up Climeworks AG, which specializes in capturing carbon dioxide directly from the air, has partnered with Icelandic carbon storage firm Carbfix to develop a plant that sucks out up to 4,000 tons of CO₂ per year.
- Direct air capture is one of the few technologies extracting carbon dioxide from the atmosphere and is viewed by scientists as vital to limit global warming, blamed for causing more heatwaves, wildfires, floods and rising sea levels.

कोरोना वॉरियर्स

पूरे विश्व मे मचा कोहराम है,
सब कोरोना से परेशान है।
सड़के है लावारिश, घर पर बैठा इंसान है।
सड़को पर खादी मे लिपटा हुआ,
घूम रहा वरदान है।
ऐ ! कोरोना वॉरियर्स
आपको सलाम है, आपको सलाम है।

मंदिर और मस्जिद है बंद,
बस खुले अस्पताल और मेडिकल की दुकान है।
सफ़ेद कपड़ो मे लिपटा हुआ,
डॉक्टर के रूप मे भगवान् है।
ऐ ! कोरोना वॉरियर्स
आपको सलाम है ,आपको सलाम है।

स्कूल और कॉलेज है बंद,
बस खुली राशन की दुकान है।
हर खबर हम तक पहुंचाने के लिए,
दिन रात मेहनत कर रहा मीडिया महान है।
ऐ ! कोरोना वॉरियर्स
आपको सलाम है ,आपको सलाम है।
