

Air

A Meta-Search Air Booking
Platform For Travel Agents and
TMCs

Your Meta-Search Air Booking Solution

Offering the ability to search and book GDS, NDC and web/low cost carriers content in one simple aggregated search.

SIMPLE USER INTERFACE

requiring no GDS knowledge or training with GDS Translator

CONTENT

use your own GDS, NDC credentials to load your negotiated rates or leverage our global content across 84 countries

SUITABLE FOR

Corporate and Leisure travel sectors

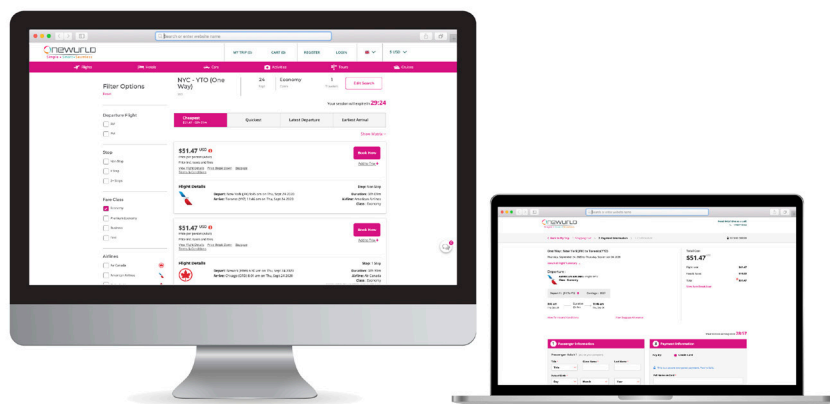

THE AIR PLATFORM

provides unique meta search functionality displaying GDS, NDC and LCC content on a single search including branded fares

newworld
Simple • Smart • Seamless

Key functionality of our Airline booking engine

Global Content

Global content from 85 countries to access local market fares

Collaboration

Our unique collaboration functionality connects travellers with the agent, enabling a shared booking and amendment process in real time

Dashboards

A central agency dashboard provides access and overview on all bookings for reporting and business analytics. Each agent has their own dashboard to make bookings and to manage, track and amend the customer bookings

Manage Margins

Ability to dynamically increase or decrease your margin to maximise profit and win every booking

NDC Fares

Access to New Distribution Capability (NDC) fares through airline integrations

Low cost carriers

Access to web fares, low cost and no frills carriers around the globe

Global

Multi-currency & Multi-language
