

Hotel

A Meta-Search Hotel Booking Platform For Travel Agents and TMCs

Your Meta-Search Hotel Booking Solution

Offering the ability to search multi-channel content in one simple aggregated search.

1.5 MILLION HOTELS

with 70+ Bed Bank Suppliers including Expedia Rapid and Booking.com, Multi GDS capability, prepaid and post paid rates

CONTENT

use your own agreements with Hotel providers or leverage our negotiated global rates with fulfilment services

CONNECT

GDS content specifically required for business travel

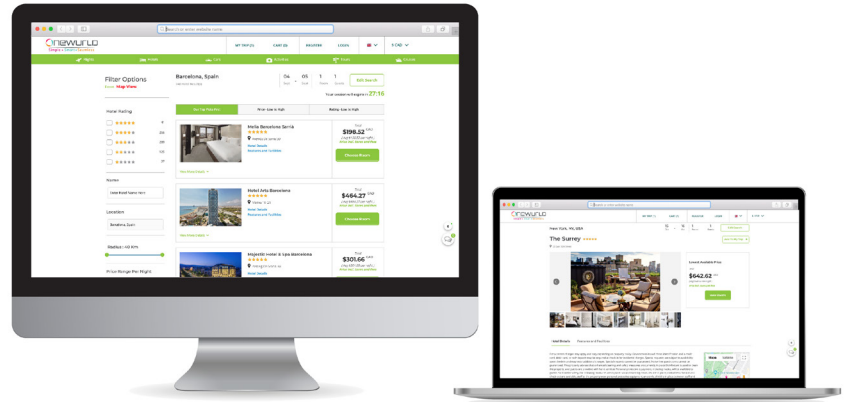

THE PLATFORM

provides unique meta search functionality displaying GDS and Bed Banks on a single search

oneworld
Simple • Smart • Seamless

Key functionality of our Hotel booking engine

Manage Margins

Ability to dynamically increase or decrease your margin to maximise profit and win every booking

Visibility

Full visibility of booking provider (expedia, GDS, booking.com etc) listed on every hotel so you see where you are placing your booking

Price Lock

Provisionally book hotel room right through to 48 hours prior to arrival and lock in and guarantee the price with no outlay of funds

Collaboration

Our unique collaboration functionality connects travellers with the agent, enabling a shared booking and amendment process in real time

Dashboards

A central agency dashboard provides access and overview on all bookings for reporting and business analytics. Each agent has their own dashboard to make bookings and to manage, track and amend the customer bookings

Content

Over 1.5 million hotels, 70+ Bed Bank Suppliers including Expedia Rapid and Booking.com, connected to all GDS's, prepaid and post-paid rates. Leverage your own content or use our global negotiated rates

Global

Multi-currency & Multi-language
