## CARING FOR QUALITY OF LIFE

## OUR MISSION

In fulfilling God's calling to serve others, we will serve with love and compassion, commit to excellence, and follow Christ's teachings and example in all we do.

[faithhospicecare.org](http://faithhospicecare.org)

## YOUR CHAMPION

Faith Hospice provides physical, emotional, and spiritual care during life's final journey. We make the end-of-life journey for each patient as comfortable as possible while maintaining a high quality of life.

It's more than managing pain and providing comfort. We help patients experience unrealized dreams, say goodbye to loved ones, and find peace before they pass.

### Hospice Care

An interdisciplinary team of experts is ready to provide care and support to both you and your loved ones wherever they call home.

### What Is Hospice Care?

Anyone suffering from a serious illness or disease who has been given six months or less to live can enter hospice care. A hospice care team consists of:

- Physicians
- RN Case Manager
- Team Manager
- Nurses
- Social Worker
- Home Health Aides
- Chaplains
- Volunteers

Together, they work to enhance the quality of life for each patient. The goal is not to stop or slow the illness but to provide comfort and support to those who are dying and their loved ones.

**“The care that they’re able to give to the patients, the comfort to the families and the fact that this relationship never ends is absolutely incredible.”**

— Loved One of a Faith Hospice Patient

### In-Home Hospice Care

The comfort of your home, the compassion of our care. That’s what Faith Hospice promises and provides. Our physicians, nurses, and aides are trained and specialized in hospice care—each delivering the medical care needed with love and compassion. Additionally, we’re able to offer a number of care-related support services—volunteers to provide respite for caregivers, aides to assist with personal care, chaplains to offer spiritual support, and social workers to help with the practical and emotional needs.

### Inpatient at Trillium Woods

Faith Hospice is one of the few hospice organizations in West Michigan to offer the option of a warm and welcoming hospice inpatient facility. Our Trillium Woods staff specializes in hospice care, serving with expertise and compassion. Whatever the need, whether it’s a short-term stay that focuses on stabilizing symptoms so patients can return home more comfortably, a more long-term stay, or respite stays to relieve caregivers, Trillium Woods offers a peaceful, family-centered atmosphere with 24/7 care. Plus, each of our 20 private rooms features convenient pullout sofas, private bathrooms, and peaceful balconies or patios. Trillium Woods also offers a nondenominational chapel for worship, prayer, or meditation.

### Complementary Therapies

In conjunction with traditional medical care, we also provide several complementary therapies to help our patients reach their highest quality of life. Types offered include:

- Aromatherapy
- Music Therapy
- Massage Therapy
- Pet Therapy
- Virtual Reality (VR)

### Bereavement Services

Faith Hospice provides grief support to every member of your family for up to thirteen months after a loved one passes. Certified grief counselors offer in-person and virtual individual counseling, lead bereavement support groups, and provide resources to help those grieving come to terms with their loss as they move into the next chapter of their lives.

### Respite Care

Caregivers need to be cared for too. As they carry the weight of providing full-time care to their loved ones, we can provide support and fill-in care if the usual caregiver is unable to if they are on vacation or just need a small break. If you are caring for a loved one out in the community, respite care can give you extra help and support when needed.

### Resources

We have various resources available to help our community be as informed as possible on hospice, palliative, and bereavement care. Visit [faithhospicecare.org/resources](http://faithhospicecare.org/resources) to find:

- Webinars
- Podcasts
- Blogs
- Brochures
