

Small hand. Profound connection.

The TASKA CX™ is the small hand destined to play a big role in your users daily lives.

Improved button layout

Cycle through grips, control Bluetooth™ and more with the new ergonomic button panel.

Ground breaking motor design

Perform tasks faster, with more precision and superior grip strength.

Capacitive touch

All fingers and the thumb tip are capacitive and can be used on any common touch screen.

Anatomical design

Contoured lines and discreet Wrist Flexion buttons create a streamlined profile.

Coverplate customisation

Replaceable Coverplates are available in a range of colours and designs.

One-click Grip Tip replacement

Grip Tips can be easily replaced with a single simple click.
