

Faster. Stronger. More connected.

The TASKA CX™ is the hand destined to play a big role in users' daily lives.

Ground breaking motor design

Perform tasks faster, with more precision and superior grip strength.

Capacitive touch

All fingertips, including the thumb, have capacitive touch and can be used on any common touch screen.

One-click Grip Tip replacement

Grip Tips can be easily replaced with a single simple click.

Intuitive button layout

Cycle through grips, control Bluetooth™ and more with the ergonomically designed button panel.

Coverplate customisation

Replaceable Coverplates are available in a range of colours and designs.

Anatomical design

Contoured lines and discreet Wrist Flexion buttons create a streamlined profile.

For more information, visit taskaprosthetics.com

The **most advanced** prosthetic hand on the market.

The **TASKA CX** makes daily tasks easier, giving the user an enhanced sense of connection via fine control, contoured aesthetics, and personalisation features.

Robust and versatile

- Shock absorbing Knuckle Block.
- Resettable Knuckle Release for reliability and durability.
- Perform a wide range of daily activities.
- All the robustness you've come to expect from TASKA.

Waterproof

- No need for fragile gloves due to IP67 rating.
- Wash both hands easily and confidently with soap and water.
- Complete everyday tasks like washing dishes, cleaning the car, etc.
- Wrist option available with TASKA HydroSeal™ Waterproofing Technology allowing submersion past the wrist.

Easy

- Finger splay for reliable grips, lock button for safety and control, motorised thumb, and customisable grips using the MyTASKA app.
- Intuitive control systems, pattern recognition compatible, and improved button layout.
- Inbuilt Flexion Wrist.
