

The original. Designed for life.

The TASKA HandGen2's reliability and versatility allows users more control of their daily lives.

Resettable Knuckle Release

The releasable knuckles protect the fingers from damage and are easily reset.

Shock absorbing Knuckle Block

Gives the hand durability and allows the fingers to splay, offering a more natural grip.

Grip Cycle buttons

Easy-to-use buttons provide simple access to grip changes and other features.

Motorised thumb rotation

Motorised rotation mimics real hand movement and improves grip speed.

Flexible wrist

In-built flexible wrist with three lockable positions or free flexion mode.

For more information, visit taskaprosthetics.com

The **all day, every day** prosthetic hand.

The world's first waterproof, myoelectric, multi-articulating hand is unlike any other prosthesis on the market.

Reliable and versatile

- Shock absorbing Knuckle Block reduces the risk of impact damage.
- Resettable Knuckle Release for improved toughness.
- Extensive cushioning absorbs shock and limits vibration.
- All the reliability you've come to expect from TASKA.

Waterproof

- No need for fragile gloves due to IP67 rating.
- Wash both hands easily and confidently with soap and water.
- Complete everyday tasks like washing dishes, cleaning the car, etc.
- Wrist option available with TASKA HydroSeal™ Waterproofing Technology allowing submersion past the wrist.

Easy

- Finger splay for reliable grips, lock button for safety and control, motorised thumb, and customisable grips using the MyTASKA app.
- Easily replaceable Faceplates and Grip Tips.
- Inbuilt Flexion Wrist.

Options

- Quick Disconnect or Low Profile Wrist.
- Available in black, white or sand.
- Available in medium or large sizes.

Warranty and service

- 2-year standard warranty (extendable to 5-years).
- Complimentary annual service.
- Loan units provided during all servicing and repairs.

Package contents

- Spare Faceplate & replacement Grip Tips.
- Lamination Collar Kit (Low Profile only).

All TASKA hands are compatible with a wide variety of myoelectric components. See the TASKA website for full details.
