Engineering a Better Solution

GLOBAL ENGINEERS

In the second half of the 19th century, we invented Gabions and dramatically changed the civil engineering landscape. We are still changing it today. We work every day to find better solutions for our clients at every degree of latitude and longitude. Our worldwide network grows through innovation and diversification of sectors of activity and through an increasing range of high quality and environmentally friendly products and applications.

Maccaferri's motto is '**Engineering a Better Solution**'. We don't merely supply products, but work in partnership with our clients, offering technical expertise to deliver versatile, cost effective and environmentally sound solutions. We aim to build mutually beneficial relationships through the quality of our service and solutions.

OFFICINE MACCAFERRI GROUP PROFILE

Founded in 1879, our Group soon became a worldwide reference in the design and development of advanced solutions, with offices in over 70 subsidiaries and 20 factories worldwide.

Our mission is to pursue excellence through continuous improvement, while delivering to customers engineered solutions that are innovative, advanced and environmentally friendly. We are committed to outstanding safety, quality and sustainability, to create value for all stakeholders as well as our communities.

ENGINEERING SOLUTIONS FOR LANDFILLS

**CAPPING SYSTEM**

Capping systems are essential for the proper closure and environmental protection of landfills. Maccaferri offers a complete range of solutions for landfill capping, ensuring long-term performance, stability, and sustainability.

**BOTTOM LINING SYSTEM**

Bottom lining systems are crucial to prevent leachate contamination and protect groundwater in landfill sites. Maccaferri provides comprehensive solutions for landfill lining, ensuring durability, and environmental compliance.
