EDUCATION

bachelors computer and math science <i>university of kufa</i>	2018 – 2022 najaf
---	----------------------

The graduation project, which received an excellent grade, aims to solve the problem of internet outages during online exams by encrypting students' answers after the allotted time has expired. This encryption ensures that only authorized professors can decrypt the answers, thus guaranteeing the integrity of the exam.

SKILLS

- React js
- Next js
- Tailwindcss
- TypeScript
- Git & GitHub
- UI/UX Implementation
- REST API Development with nest js
