

TA-MP15G-ID1-IMP

Heavy Duty Mobile TV Trolley

TV
120kg/264lbs

Screen Size
80-110

VESA Compatible
Max. 1000x600

Product Overview

The TA-MP15G-ID1-IMP Elegant Series Mobile TV Trolley is designed for professional AV installations requiring mobility, durability, and a premium appearance. Built from heavy-duty steel, it securely supports 80"–110" displays with a maximum load capacity of 120 kg and VESA compatibility up to 1000 × 600 mm.

Its height-adjustable display mount allows installers to position the screen at the optimal viewing level, while the integrated equipment shelf provides convenient storage for laptops, media players, video conferencing systems, or other AV equipment. Heavy-duty lockable wheels ensure smooth movement between rooms and secure positioning during presentations.

The elegant open-frame design offers excellent stability and simplified cable routing, making it ideal for corporate meeting rooms, educational institutions, control rooms, exhibitions, and digital signage applications.

Key Features
