±15

Product Overview

The TA-MP18D Heavy-Duty Full-Motion TV Wall Mount is designed for securely mounting large displays in professional AV, commercial, and residential environments. Supporting displays from 45" to 90" and a maximum load of 60 kg, it provides a strong and reliable mounting platform for large-format TVs, commercial displays, and professional presentation screens.

With broad VESA compatibility from 200 × 200 mm to 800 × 600 mm, the TA-MP18D accommodates a wide range of display sizes and mounting configurations. Its articulated mounting mechanism allows the display to be positioned according to the viewing requirements, while the adjustable structure provides installation flexibility.

The mount features a robust SPCC steel construction for durability and stability. Its adjustable mounting geometry supports flexible installation, while the compact folded position helps maintain a clean appearance when the display is positioned close to the wall.

The TA-MP18D is ideal for conference rooms, meeting rooms, classrooms, training rooms, digital signage, control rooms, hospitality environments, home entertainment systems, and other professional AV installations.

Key Features

- Heavy-Duty Full-Motion Wall Mount
- Supports 45"–90" displays
- Maximum Load: 60 kg
- VESA: 200 × 200 to 800 × 600 mm
- Adjustable mounting structure
- Articulated arm design
- Adjustable installation depth
- Approx. 66–337 mm wall-to-display depth
- Robust SPCC steel construction
- Suitable for large-format professional displays
- Ideal for commercial and AV installations
