See why pets and their humans ❤️ Trupanion

Trupanion has taken a lot of stress out of the decision-making process when it comes to care of my dog, who had [cancer] removed. Since there is a possibility of reoccurrence and metastasis, I am not worried about the cost of procedures. I don't want to take half measures when it comes to my dog's health. – **Kirstin**

Why do I need pet insurance?

Just like people, pets can face costly health emergencies and chronic illnesses.

In fact, nearly 1 in 2 pets need unexpected veterinary care before their 1st birthday. And, over the past 10 years, increased access to advanced veterinary care has led to improved care, but also increased costs.

Trupanion helps protect your pet and provides peace of mind when the unexpected happens. Unlike a savings account, pet medical insurance offers immediate financial support when you need it most.

With Trupanion, your pet gets one plan for life. We cover everything from illnesses to accidents and medications, plus additional care they may need along the way — so you can focus on care, not cost.

Welcome to pet insurance, superpowered

Not only are we rated #1 by vets, but 99% of our members stay with us month after month. With Trupanion, you get:

✔ Instant payments

Your vet bill can be paid directly to your hospital by Trupanion at checkout. No paying out of pocket, no claim paperwork, no waiting for reimbursements.

✔ Lifetime coverage with no caps

With no incident, annual, or lifetime limit, you always can choose the best recommended care.

✔ 24/7/365 support

Pets need care around the clock, so our award-winning team is always available when you need us.

✔ Fair pricing

We encourage care, and we're here for life. Using your coverage or your pet getting older won't increase your monthly costs.

✔ Customizable premiums

Choose a monthly cost that works for your budget when you enroll, and have coverage when you need it.

Frequently barked questions (FBQ)

Q Where can I use my pet medical insurance?

A You can use Trupanion at any veterinarian, specialist, or emergency animal hospital in the US, Canada, Puerto Rico, and Australia. Trupanion does not have preferred networks, and our coverage is the same wherever you choose to have your pet treated.

Q Will my coverage ever stop for treatment of a chronic condition?

A No, Trupanion doesn't have caps or ceilings on eligible conditions. And your coverage is never reduced or cancelled because you are using it.

Q How is Trupanion different than paying my vet with a credit card or loan?

A Credit cards, debit cards, and loans must be paid in full, often with interest. With Trupanion, simply pay your monthly costs, and we will cover our share of eligible bills first. You only have to pay your share at checkout.
