Education:

B.Sc. in Architectural Engineering
Faculty of Engineering, **AI-Azhar University**, Cairo, Egypt **2005**

- **Overall Grade:** Good
- **Graduation Project Grade:** Very Good

Core
Competencies
:

- **Architectural Design & Urban Planning**
- **Design Management & Team Leadership**
- **3D Visualization & Rendering**
- **Project Coordination & Technical Review**
- **Architectural Supervision & Quality Control**
- **Freehand and Digital Sketching**
- **Animation and Presentation Techniques**
- **Proficient in integrating AI tools into architectural design workflows to enhance creativity, and generate innovative design concepts using AI-based platforms.**

Software
Proficiency:

- **Design & Modeling:** AutoCAD, 3DS Max, SketchUp, Lumion
- **Visualization & Media:** Photoshop, Premiere, VEGAS, Resolume Arena
- **AI Tools for Architecture:** Experienced in using AI-powered design tools such as Midjourney, Prome, LookX, Gemini, ChatGPT, and Adobe AI tools for concept generation, visualization, sustainability analysis, and design automation.
- **Office & Documentation:** Microsoft Office Suite

Languages:

- **Arabic:** Native
- **English:** Good command (spoken & written)
- **Turkish:** Fair (spoken & written)
- **Sign Language:** Fair proficiency

Personal
Information:

- **Nationality:** Egyptian
- **Marital Status:** Married
- **Residence Status:** Valid Iqama – Transferable
