

MAHMOUD MOHAMED METEWALLI |(PMO-CP)™

Construction planning & Cost Control Engineer

Riyadh Saudi Arabia

E-MAIL: construction.mahmoud@gmail.com

MOBILE: +966-0564539629

Summary.

With more than eight years of experience, I am seeking a career that is challenging and interesting and lets me work in the leading areas of construction project management. I want a job that gives me opportunities to learn, innovate, and enhance my skills and strengths in conjunction with company goals and objectives.

Experience.

Planning & Project Engineer

Saudi Company for Prefabricated Building (NEWFAB) KSA

JAN 2022 - Present

The nature of prefabricated building projects is fast-tracking and short-term. So, I prepare more than 20 schedules for sub-projects during the year and follow up with the project managers to monitor all the projects to submit to the top management.

Responsibilities

1. Prepare baseline Programme for Company subprojects.
2. Forecast the assembly line production for the prefab building.
3. Follow up with the projects managers and prepare the projects Dashboards.
4. Coordinate with the different departments.
5. Forecast the required materials and track with the logistics.
