Reverse Assist

In narrow streets without a turning possibility (dead end), there is a need for the driver to manually manoeuvre the vehicle backwards. Reverse assist relieves the driver in this situation and takes over lateral guidance of the vehicle thus manoeuvring it along the path previously travelled

10.25" Digital Cockpit

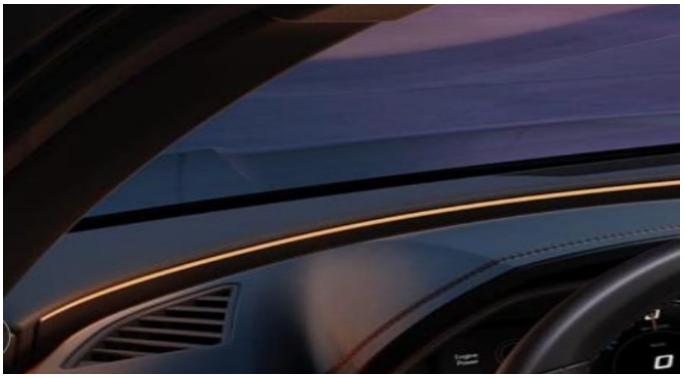

The digital experience steps up with a new, larger 10.25" digital cockpit and infotainment system now powered by Andriod™ OS providing for a more intuitive user experience.

Matt Paint: Century Bronze

A few colours make as bold a statement as Century Bronze Matt. Every angle, every shadow and curve creates a new impression. Its satin sheen changes the character with the light from warm and elegant under the sun to stealthy and dramatic at dusk.

Illuminated CUPRA logo

By day, the outline takes on a soft white appearance. At night, with the vehicle lights turned on, it transforms to outline the brand’s distinctive emblem with a luminous glow
