

HOTEL & HOSPITALITY SECURITY SOLUTIONS

Page 1: Guest Protection, Access Controls & Property Perimeter Defense

LOBBY & FRONT DESK OPERATIONS

Ensure seamless guest welcoming while protecting staff, registration desks, and luggage drop areas with unobtrusive, high-definition 4K surveillance networks.

- **Reception POS Monitoring:** HD video coverage over registration desks, cash drawers, and safes.
- **Concierge & Elevator Controls:** Keycard-restricted guest floor access preventing unauthorized visitors.
- **Discreet Dome Surveillance:** Elegant, low-profile cameras blending into luxury decor.
- **Silent Front Desk Panic Triggers:** Instant emergency notifications to hotel security officers.

GUEST ROOMS & CORRIDOR SECURITY

Maintain complete oversight across guest room hallways, emergency exits, and service elevators to eliminate trespassing and protect guest privacy.

- **Hallway & Elevator Corridor HD:** Wide-angle cameras covering all guest entry doors and exits.
- **Smart Mobile Keycard Systems:** Encrypted RFID door locks with audit trail logging.
- **Housekeeping & Staff Tracking:** Badge access verification across maintenance and laundry zones.
- **Fire & Smoke Alert Matrix:** Integrated life safety alarms linked to central monitoring.

UNCOMPROMISED GUEST SAFETY & LIABILITY PROTECTION

Our hospitality security architectures shield resorts against false slip-and-fall claims, unauthorized after-hours visitors, and property theft while preserving guest comfort.

RESORT GROUNDS, PARKING AI & COMMAND TELEMETRY

Page 2: Outdoor Amenities, Garage LPR & Central Command Monitoring

POOL, SPA & OUTDOOR AMENITIES

Secure expansive hotel grounds, outdoor pools, beach cabanas, and dining patios with weatherproof, low-light thermal imaging cameras.

- **After-Hours Pool Intrusion:** AI motion boundary sensors detecting off-hours pool entry.
- **Weatherproof IP67 Housings:** Saltwater and heat-resistant outdoor camera arrays.
- **Cabana & Bar Area Coverage:** Protecting outdoor point-of-sale terminals and liquor storage.
- **Valet & Shuttle Drop Surveillance:** Tracking guest arrivals, luggage drops, and vehicles.

GARAGE LPR & CENTRAL COMMAND

Integrate parking structure surveillance with automated license plate recognition (LPR) and live 24/7 central monitoring telemetry.

- **Automated Garage LPR:** Logging incoming vehicle plates and detecting unauthorized vehicles.
- **Pedestrian Safety Lighting:** Integrated emergency call boxes across parking structures.
- **Live Video Verification:** 24/7 command station dispatching rapid security guards.
- **High-Retention RAID NVRs:** Redundant cloud and local archives for claim defense.
