# MODERN SPORTING ARMS

## Focus on sport

Backed by the legacy of the renowned sporting arms manufacturer Hämmerli, the fresh course of Hammerli Arms focuses on adaptability and precision for a personalized and action-packed shooting experience in the most challenging situations. This is how Hammerli Arms achieves peak performance when it really counts. All Hammerli Arms firearms are designed, developed and manufactured by Umarex in Germany, thus underlining the commitment to traditional craftsmanship and the entitlement to the highest quality.

Accessories shown in the picture are sold separately and are not included in the scope of delivery.

# **HAMMERLI ARMS FORGE H1 22 MATCH 5"**

- Iconic 1911 pistol in caliber .22 LR
- Match version with fully adjustable LPA rear sight
- Refined trigger for optimized performance
- Traditional design with all typical features
- CNC-machined aluminum slide (T7075)
- Thumb safety and beavertail safety
- Hammer safety catch for maximum operational safety
- Textured Santoprene grip panels for a secure hold
- Chamber inspection port for checking the loading condition
- Picatinny rail for accessory mounting
- Easy field stripping without the need of a bushing wrench
- Optional muzzle adapter for silencers or compensators (1/2"-28 UNEF)
- Incl. gun case, adjusting tool and four 12 rds steel magazines

Fully adjustable LPA sight

Reduced trigger pull weight

## **HAMMERLI ARMS TAC R1 22 C DYNAMIC SPORT**

- Sports version of the proven TAC R1 22 in caliber .22 LR
- Especially suitable for dynamic competitions like speed shooting or falling plates
- Full-length smooth handguard
- Sports trigger for optimized performance
- M-LOK interface for bipod mount on bottom side of forearm
- Long Picatinny top rail
- 10 rds magazine
- 5-step adjustable buttstock
- Commercial spec buffer tube
- AR-standard pistol grip
- QD interfaces at handguard and buttstock
- Muzzle thread ½"-28 UNEF with cap nut

Smooth handguard

Optimized sports trigger

- Jet funnel for quick magazine change
- Fiber front sight and fully adjustable target rear sight
- Thumb safety and beavertail safety

Manufactured by UMAREX under license from Sturm, Ruger & Co., Inc.

# RUGER MINI-14

- High-quality Airsoft replica of the famous movie rifle
- Full metal with wooden stock
- Strong Gas Blowback
- Skeletonized steel folding stock
- Direct access to Shoot-Up adjustment
- NPAS (blowback regulator)
- Adjustable rear sight
- Authentic field stripping

**I LOVE IT  
WHEN A PLAN  
COMES  
TOGETHER!**

# *Marlin* REVOLVER

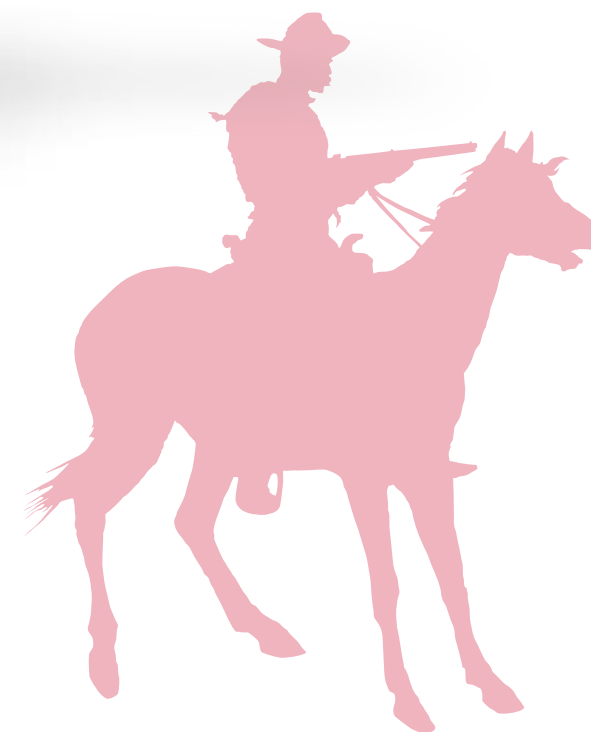

- Western revolver for affordable shooting fun
- Operated by a 12 g CO<sub>2</sub> capsule in the handle
- 13 rds tube magazine under the barrel
- Synthetic handle scales with wood design
- With safety slider

# *Marlin* LEVER ACTION RIFLE

- Innovative spring-operated underlever action in traditional Marlin design
- Metal receiver
- Functional underlever for authentic cocking of the spring
- Easy-to-fill reservoir for approx. 315 BBs
- Adjustable rear sight and long sight line for high precision
- Lightweight polymer stock
- Pushbutton safety

PERFECTION

*Versatility and performance  
in one compact powerhouse.*

The products and accessories shown in this publication may feature configurations that are not approved for sale, possession, or use in the Federal Republic of Germany or in other countries of the European Union. Legal regulations, particularly according to the German Weapons Act (WaffG) as well as other European or other national regulations, may restrict or even completely prohibit the acquisition, possession, carrying, or use of individual products and/or accessories shown. The respective applicable legal provisions of the country in which the product is to be acquired or used are exclusively authoritative. Therefore, always observe the national laws and regulations. Further information is available from your local authorized retailer.

Accessories shown in the picture are sold separately and are not included in the scope of delivery.

# G19X MOS

PERFECTION

- The GLOCK 19X MOS was created on demand of a large US wholesaler and is not part of the standard GLOCK line-up
- Muzzle thread (M14x1 CCW) for easy suppressor installation, protected by a cap nut
- Slide with elevated suppressor sights for easy target acquisition with mounted suppressor
- Slide with MOS cut for mounting reflex sights via adapter plate
- Frame with lanyard loop
- Original field-stripping capability
- Optionally available gas magazine
- Incl. adapter plates with the footprints Docter / Trijicon / C-More / Leupold

Officially Licensed Product of GLOCK.

Muzzle thread m14x1 CCW for easy silencer installation

Slide with MOS cut for reflex sight mounting via adapter plate

## HK416 A5 SPORTSLINE EYETRACE

- Integrated EyeTrace unit for activation of Tracer ammunition
- EyeTrace can be switched off when standard ammo is used
- Metal gearbox and gears
- ECU gearbox with micro switch and diagnostic function
- 160 rds MidCap magazine
- Adjustable Shoot-up
- 5-step collapsible stock
- Muzzle thread M14x1 CCW
- Adjustable and detachable peep sight

*Integrated tracer unit keeps  
the gun sleek and compact.*

”

## G36C SPORTSLINE EYETRACE

- Integrated EyeTrace unit for activation of Tracer ammunition
- EyeTrace can be switched off when standard ammo is used
- Hi-Cap magazines with integrated coupler
- Muzzle thread M14x1 CCW
- Folding stock
- Picatinny rails on bottom, side and top position
- Sights with foldable standard rear sight and peep sight
- Adjustable Shoot-up
- ECU gearbox with micro switch and diagnostic function

## MP5 SPORTSLINE EYETRACE

- Integrated EyeTrace unit for activation of Tracer ammunition
- EyeTrace can be switched off when standard ammo is used
- Metal upper and metal handguard with M-LOK
- Detachable foregrip with compartment
- Picatinny top rail
- Muzzle thread M14x1 CCW
- Adjustable rear peep sight with 4 positions
- Adjustable Shoot-up
- MOSFET with diagnosis function

*Impressive compact design  
meets outstanding precision.*

# HK G95K

HECKLER & KOCH

- Assault rifle replica of the short-barreled German KSK version
- Split gearbox
- Programmable electronic trigger
- 120 rds MidCap magazine, with limiter for 30 rds
- Adjustable Shoot-up
- 5-step collapsible stock with QD interface
- HKey (KeyMod) fore-end with detachable Picatinny side rails and Picatinny top rail
- Adjustable and detachable back-up peep sight 45° offset with two peep sight diameters
- Ambidextrous magazine release and bolt catch
- Muzzle thread M14x1 CCW

## P7 M13

HECKLER & KOCH

- Airsoft replica of the famous German police pistol
- Full metal construction with strong Blowback
- Authentic grip cocking lever system like the real pistol
- Was issued to GSG9 and other police and military units
- Ambidextrous magazine catch next to the trigger guard
- Adjustable Shoot-Up

Authentic grip cocking lever system

# HK33

HECKLER & KOCH

- Slightly smaller version of the G3 in caliber .223
- Gas-operated airsoft version
- Steel-stamped body
- NPAS adjustable at the nozzle
- Blowback
- Shoot-Up with direct access under handguard
- Muzzle thread M14x1 CCW
- Adjustable rear peep sight with 4 positions
- Authentic charging lever made of steel
- Authentic disassembly

Shoot-Up adjustable under handguard

Steel-stamping body

**ELITE FORCE**  
FRONT LINE RESOLUTION

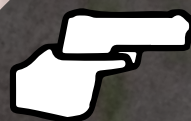

## **ROGUE 11**

**PATENTED PRECISION**

**up to 50 meters**

- Striking CO<sub>2</sub> airsoft pistol with extraordinary performance
- Adjustable Shoot-up for precise distance shots up to 50 m
- Metal slide with Blowback
- Single action
- Fiber sights
- Adjustable rear sight
- Thumb safety and beavertail safety

PRECISE UP TO 50 METERS

# WALTHER PPK/S

- Iconic update of the classic Walther PPK with character and elegance
- Full metal with bright steel finish
- Blowback
- Polymer handle scales
- Thumb safety with decocking function
- Authentic disassembly

Slide with steel finish and authentic markings

## HAILSTORM GRENADE

- Airsoft grenade powered by gas
- Dispersion radius appr. 5 m
- Suitable for Green Gas
- Robust polymer housing

# EXPLORE

## EXPLORE YOUR WORLD

Our Explore range invites you to see the world through new eyes. Whether you're out in the wilderness or in your own backyard, our Explore products are your companions for every adventure. They are rugged and reliable - perfect for the explorer in you. Push your boundaries, discover new horizons, and experience the freedom to explore the world on your own terms.

# UMAREX PERFORMANCE AIR COMPRESSOR FOR PCP

With a wide range of different energy concepts, there is a suitable compressor for every PCP shooter and every requirement – from purely stationary compressors with a 230 V connection for home or workshop use, to flexible 230 V or 12 V operation via a car battery, and solutions with pure 18 V battery operation or combined battery / 230 V operation for complete independence.

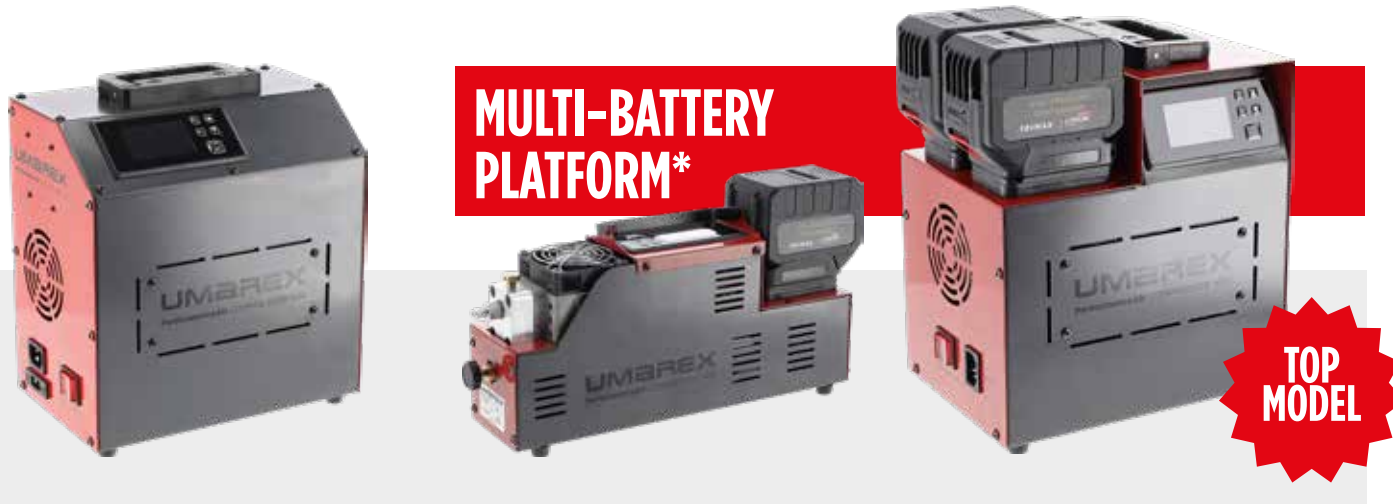

**Ready to use**

Oil and water-free (low maintenance)

Pressure preset in 1 bar increments

Overheat protection
